OUR MISSION

We are a not-for-profit serving those living below the poverty line by providing essentials like food, clothing, educational support, and enrichment opportunities. Our mission is to restore dignity, build confidence, and help individuals and families break the cycle of poverty. Join us as a donor, volunteer, or partner to uplift our community and create lasting change.

OUR VISION

We imagine a community where everyone has what they need to live with dignity and hope. We believe that when basic needs are met, people can build better lives and a stronger Wilmington for all of us.

OUR ORGANIZATION

A Needy Wilmington started with a simple idea: no one in our community should have to struggle alone. We're a volunteer-run nonprofit helping local families get essentials like food, clothing, school supplies, and support for education. We know asking for help can feel uncomfortable that's why we focus on compassion, dignity, and meeting people where they are.

Our work goes beyond just meeting basic needs; we want to open doors to opportunity, confidence, and a better future. Everything we do is powered by sweat equity, not salaries just neighbors helping neighbors. During COVID, we stepped up when things got tough, and we've kept going because the need hasn't stopped.

We believe Wilmington is stronger when we lift each other up and there's always room for one more person to help make that happen.

**A need for Alyson Hernandez
 who is going to Columbia**

Community, we need your help. A recently graduated CP Magnet student has been accepted to Columbia University with a full ride, which is a fantastic honor and opportunity for her. Unfortunately, this full-ride scholarship does not include a laptop. She relied on the LAUSD computer while at the school, but she returned it upon graduation. Although her CP Magnet teachers have gathered some funds to help her get a computer, it is still not enough. We are reaching out to ask for your help. Every little bit counts, even just five dollars, as we are pressed for time with her report date to Columbia set for the first week of July. Your contribution will help us reach our goal and support one of Wilmington's talented scholars as they shine at an Ivy League college.

Wilmington nonprofit sends Phineas Banning HS seniors to prom

WILMINGTON, Calif. (KABC) — Eduardo Gutierrez is a senior at Phineas Banning High School in Wilmington. The aspiring dental hygienist has a lot to look forward to, including graduation, a summer job and college in the fall.

However, there was one major milestone that he would have to miss: senior prom.

A Needy Wilmington is making prom a reality for 10 low-income high school seniors at Phineas Banning High School.
